

IDI is pleased to invite you to join the 1<sup>st</sup> edition of LOTA Talks on ...

# Healthcare Audit Analytics

☆ 26<sup>th</sup> October 2021 | 07:00 - 08:30 CET

☆ 28<sup>th</sup> October 2021 | 16:00 - 17:30 CET

## Agenda:

### Ensuring the availability of healthcare services during and after Covid-19

**Mr. Māris Svilāns** | CEO, Infotrust

Maris Svilans has 20 years of experience as BI consultant, helping customer to extract value out of their data and applying analytics techniques to solve real-world issues. For the past four years significant part of projects were related to healthcare industry. He is part of the Infotrust team of 40+ data analytics and data management experts.

### Applications of Data Analytics in different types of Healthcare Audits

**Mr. Ajie Amiseno** | Senior Auditor and Data Analyst, BPK Indonesia

Ajie is a Senior Auditor and Data Analyst at BPK Indonesia. He is a performance audit team leader in Health Resources Management and Health Financial Management. Ajie is also involved in Healthcare Foresight Opinion Project, and Covid-19 Disease Control Thematic Audit Task Force.

Come join LOTA Talks and let us make sense of the data!
